

PRICE LIST

Vehicles in the Lexus range come with high specifications as standard. As a result, the 'on the road' price* includes not only all those items generally offered as extras, but also many advanced features exclusive to Lexus.

Details of the extensive technical specifications and interior appointments of each model are described fully in the main brochures. Whichever model you choose, you can look forward to a standard of After Sales service that's second to none, provided by a network of Lexus Centres individually selected for their exemplary record in customer care.

Some Lexus vehicles (including certain specifications and colour/trim combinations) are built to order and approximately could take 2 to 3 months from time of purchase to delivery. For detailed information on lead times, please consult your local Lexus Centre.

WARRANTIES

THREE-YEAR COMPREHENSIVE WARRANTY

Any defect that is attributable to a manufacturing or an assembly defect under normal use is covered by your warranty. This provision applies for a period of three years or 60,000 miles, whichever comes first, with no mileage limit for the first year. In the event of a breakdown immobilising your Lexus the cost of recovering it to the nearest Lexus Centre is also covered if that breakdown is the result of a warrantable defect.

FIVE-YEAR HYBRID COMPONENT WARRANTY

For hybrid models, certain components within the hybrid drivetrain system have a five-year or 60,000 miles warranty, whichever comes first. For more information please contact your local Lexus Centre.

THREE-YEAR SURFACE RUST AND PAINTWORK WARRANTY

The warranty offers three years of cover for surface rust and paint defects appearing on any of the painted body panels due to a fault in material or workmanship. There is no mileage restriction on this.

12-YEAR CORROSION PERFORMANCE WARRANTY

A 12-year unlimited mileage warranty covers the vehicle against rust perforation through any sheet metal body panel (subject to certain exclusions specified in the warranty booklet) occurring as a result of a manufacturing or assembly defect in the vehicle. The warranty booklet supplied with each new vehicle gives full details. This warranty is also transferable to subsequent owners.

SERVICE PLANS

Service plans are a flexible way of managing the cost of servicing your Lexus. With a service plan you can ensure that your vehicle is maintained to the standards you would expect from Lexus-trained technicians fitting the highest quality Lexus parts**.

The Approved Pre-Owned service package can be tailored to your needs. Please contact your local Lexus Centre for a quote.

LEXUS FINANCIAL SERVICES

Lexus Financial Services offers an extensive range of finance products, including Lexus Connect - Contract Purchase and Lexus Connect - Contract Hire. Products that offer a combination of benefits designed to make acquiring a Lexus as easy as driving one. Whether you are a private motorist looking for the most flexible, affordable options or a business wishing to boost cash flow and tax-efficiency, our finance products provide attractive, refined solutions.

Your Lexus Centre will be happy to discuss the full range of financing options available and create a finance quotation that is right for you. When you choose to go ahead your Lexus Centre will arrange your application. There are no lengthy forms to fill in and in many cases they can offer immediate acceptance.

Delivering complete customer satisfaction underpins everything we do at Lexus, so once you commence an agreement with us, you can rest assured that our team of UK based customer service representatives are only a phone call away if you have any queries.

Finance subject to status to over 18s. Terms and conditions apply. Indemnities may be required.

*'On the road' price comprises list price, £664 delivery charge £26 number plate allowance (all inclusive of VAT) plus 12 months Vehicle excise duty (variable, depending on model) and £55 Vehicle First Registration Fee.

** The service plans exclude cambelt/timing chain changes.

A high-contrast, black and white close-up photograph of a car's front end. The image focuses on the sharp, angular lines of the headlight assembly and the adjacent body panel. The lighting creates strong highlights and deep shadows, emphasizing the metallic texture and the precision of the car's design.
